

giving green living a helping hand

Oy! Be Young! ... Naturally

Fresh young skin with a clear complexion is high up on the wish list for most girls. Green People has come to the rescue with Oy!, the first certified organic range created just for young skin.

These funky products use a clever blend of certified organic and fairly traded ingredients, all chosen for their punch in the fight for great skin. With quirky packaging and a no-nonsense approach to chemical nasties, Oy! gives kudos to any beauty cabinet. Simply put Oy! promises no gunk, no junk just clean, clear and vibrant skin.

So Who are the stars of this skincare blockbuster? Prebiotics, clever little things that support the good bacteria and fight the bad that cause spots. Willow Bark, this superhero ingredient contains Salicin to soothe and reduce puffiness whilst exfoliating to lift those dead skin cells away. Tea Tree, an ultra potent extract providing the solution for young blemish-prone skin, working its magic with antibacterial properties to control the skins bad bacteria and banish spots. Green Tea, an age old wonder adds some antioxidant punch to the mix. The flower power of Rosehip oil helps to prevent horrible blemishes from scarring the skin leaving it beautifully soft and smooth. And finally, there are Omega Oils 3 & 6 to keep young skin glowing, vibrant and nourished.
